Council Realignment Technology Solution

User Friendly

Why should my Council Realignment Committee consider E Council?

E Council is an application service provider (ASP) developed and designed exclusively for Girl Scout Councils. The integration and availability of 9 web based software modules allows your council the flexibility to select a software system that meets your specific requirements and keeps you within your budget.

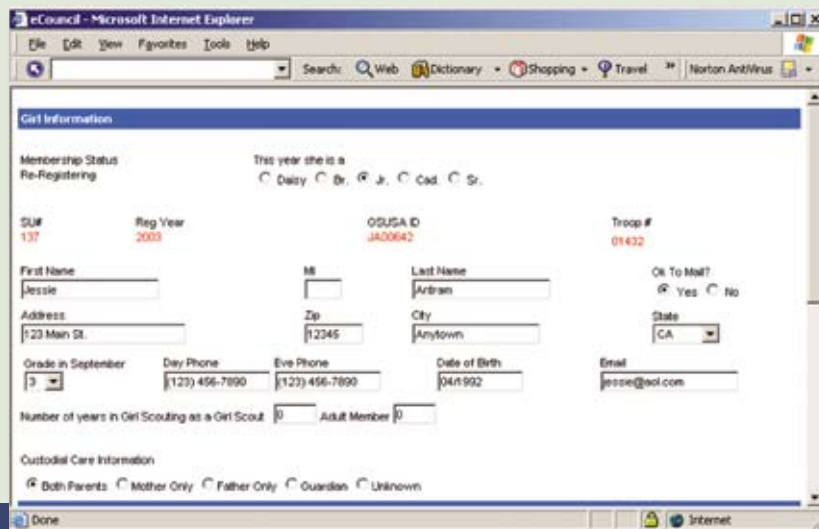

E Council uses the latest technology to provide a sophisticated software solution that is powerful, affordable and user friendly. E Council provides a single source solution for Council Realignment Committees who face the challenge of merging multiple Girl Scout Councils with redundant databases, software systems and administrative processes into one capacity based Girl Scout Council.

E Council provides a comprehensive plan and proven software solution to integrate your data and standardize the following processes of your council realignment.

- Membership Data Conversions
- Program Event Administrative and Registration Process
- Adult Training Administrative and Registration Process
- Camps Administrative and Registration Process
- Automated Placement and Communication

Services included with all E Council systems

- Training
- Technical support
- Hosting
- Database maintenance
- Data backups

“The automated selection and mailing process keeps our events full and processes all of the mailings and communications to our members automatically.”

“The improved efficiency of E Council has saved our organization a tremendous amount of time and money.”

Testimonials

User Friendly

"I have used every database software provided by our national organization as well as other independent database systems. I am so amazed and impressed with the E Council database software that I find it hard to choose my words. It's definitely user-friendly; there are not a lot of windows and buttons. It's not complicated to follow; in fact it just flows through each record. Simply put, it's easy to use and I love it!"

Technical Support

"The technical support that I receive from DAS is excellent. I always get a timely answer to my questions."

"The WebEx Internet meeting software that DAS provides for technical support is great!"

"Using WebEx allows me to show the DAS technical support staff my question on my system while they provide the solution."

Training

"The training was excellent for our system. Our staff is very comfortable in moving around our system and finding information."

"The detailed training program for our administration staff was easy to understand and everyone has caught on quickly with our Membership, Events and Training modules."

E Council has been the leading software solution for Girl Scout Councils for the past five years. We are knowledgeable about Girl Scout Council software systems and operations and we would welcome the opportunity to demonstrate how E Council can provide your council a cost effective solution.

Please contact us to arrange your personal demonstration of E Council.
